In words, how was your course experience?

Incredible. I have ~~learnt~~ learnt so much in these 3 weeks. The educators, I couldn't ask for much more. I have 100% become a better barber and my ~~hair~~ knowledge of hair has certainly improved too. I have enjoyed every minute of it and would definitely recommend anyone who is wanting to become a barber, to go on this course at LSB. Every aspect of haircutting I have been taught I really cant wait to use once I get back working in the shop. Not only I have learnt so ~~much~~ much I have had so much fun doing so. I cant thank the LSB team enough. Before coming here my scissor skills was something I needed to improve and I am finishing the course with being comfortable at using scissors in the correct way and ~~being~~ giving a better barber at using them. Also coming away being able to give a traditional cut throat shave ~~and~~, I am super happy about and cant wait to give it a go in the shop

A big thankyou to everyone at London School of Barbering.
