

Barber Courses

- The right course
from the right source

Keeping up-to-date on the latest barbering trends and techniques is pretty easy with the number of courses around. From foundation skills to specific techniques, these barber courses are all aimed to help you improve your skills and develop your business.

Aland - 8 Week Beginners Barbering Course £4,750

A practical private course that gives fast track access to great basic techniques including scissor-over-comb, clipper work and beard and moustache trimming.

The course is available in Ipswich and London. There is also an NVQ funded day release or week release option for interested employers.
